

Providing Emergency Contact/Medical Information (All students)

As I am sure you are aware, reliable contact and medical information is necessary should a sudden accident or illness occur while your child is at school. Please complete the electronic emergency contact survey. One survey must be completed for each child enrolled in the Bernards Township School District. Please complete the survey link no later than February 1st.

If you have any questions or if any information needs to be changed after the form is submitted, please contact your child's school nurse.

Thank you.
