

Ridge High School French Students Raise Money for Nepal

As many of you already know, on April 25, a 7.8 magnitude earthquake hit the capital of Nepal, Kathmandu, killing thousands and injuring many more. This was only the first of a series of severe earthquakes that have devastated the region in the past few weeks. We, the French students of Ridge High School, under the guidance of French teachers Madame Gozlan and Madame vonDoehren, are raising money to fund the rebuilding of houses in the region. We are selling bracelets for a dollar (or more) each, in hope of raising at least \$2,000, which will be matched by the aid organization, Friends of Nepal. This will enable the building of two houses, which will be a small step in helping the half a million Nepalese rendered homeless by the earthquakes. Please help us by spreading the word and encouraging your child to contribute! Remember, even one dollar will make a difference! Thank you!

From Monday June 1st to Thursday June 4th, buy a wristband from a French student, in front of the RHS cafeteria (lunch time) or ask Madame Gozlan and Madame von Doehren.
