October 10, 2014

Dear Parent/Guardian,

With the recent reports of Enterovirus-D68 (EV-D68) in our State I wanted to pass along some information to you. The New Jersey Department of Health has developed a Frequently Asked Questions (FAQs) document regarding EV-D68. These FAQs are available at [http://nj.gov/health/cd/documents/faq/ev\\_faq.pdf](http://nj.gov/health/cd/documents/faq/ev_faq.pdf) and are continuously updated, so please check back often. A simple reminder of how to help stop the spread of germs is attached on page two of this letter.

Sincerely,

Nick Markarian

# Cover Cough

— Stop the spread of germs that can make you and others sick! —

*Cover your mouth and nose with a tissue when you cough or sneeze. Put your used tissue in the waste basket.*

*If you don't have a tissue, cough or sneeze into your upper sleeve or elbow, not your hands.*

*You may be asked to put on a facemask to protect others.*

*Wash hands often with soap and warm water for 20 seconds. If soap and water are not available, use an alcohol-based hand rub.*
