

MATHEMATICS COMPETITIONS

October 2010

Dear Parents,

This year the Mathematics Department of William Annin Middle School will be conducting two math competitions. The first competition (CML) consists of five 30-minute contests, held once a month from November through March. The second competition (NJML) is a one-day 30-minute contest held in February. The contests will be conducted **after school from 2:35-3:05PM** in the school cafeteria.

Students can participate in any number of the CML monthly contests, but **will not be eligible for an individual award** unless he/she has participated in all five. Team scores for each contest will consist of the sum of the six highest individual scores in that particular contest.

The date of the first CML contest is Thursday, November 11, 2010. The dates for the remaining CML contests are December 2nd, January 6th, February 10th, and March 17th. The NJML contest is on Tuesday, February 15th.

If your child would like to participate **please sign and return the permission slip below to your child's math teacher by Monday, November 1st.** Please note: students *are not* allowed to use calculators on the CML contests and **they must bring their own pencils!** However, calculators *are* allowed on the NJML test, and will be provided.

PLEASE PRINT!

My son/daughter, _____, in Grade __ , has my permission to participate in any of the math contests described above.
